

CALCUTTA RECORDKEEPING FORMS AND INSTRUCTIONS

This booklet contains recordkeeping forms, instructions for each form, and a completed sample of each form. The instructions are designed to assist an employee in completing a line or section of a form that may not be readily understood by the title or instructions found on the form itself. Instructions for lines that are considered self-explanatory, such as simple math computations, are not included.

Sample forms have been provided to illustrate the proper completion of this office's standard forms. The instructions will answer the most commonly asked questions about the recordkeeping forms. Please remove the master forms from the booklet and make copies for your site(s). Note that some forms are two sided.

*If you have any questions or comments, please contact this office
in writing or by calling 1-800-326-9240.*

Master Game Inventory Log
(SFN 9935)

This form is used to account for all games requiring a N.D. gaming stamp purchased by an organization. A separate form is used for each game and each game type. For example, if an organization purchased Hooked pull tab games and calcutta boards, two forms would be used.

If an organization has only one site which is the home office, only the Master Game Inventory Log is needed. If an organization has more than one site, or if it has inventory at more than one location, the Master Game Inventory Log and Site Game Inventory Log would be used.

1. Date Placed - Enter the date the board is actually put into play, not the date the board was sent to the site.
2. Date Closed - Enter the last date the board was in play.
3. Quarter Reported on Tax Return - Enter the quarter this board was reported on the tax return. This can be entered as 10-1, 1st qtr of 10, 9/30/10, or any other entry that indicates the quarter.
4. Date Unplayed Deal Returned to Home Office - If an unplayed board is returned from a site, enter the date that board is received at the home office. Played boards are not entered in this column.
5. Date Deal Returned to Distributor - If a board is returned to a distributor, enter the date the board was returned. When the credit invoice is received, enter the invoice number on this form.

If a board is returned to master inventory and is re-issued to a site, the gaming stamp number is entered a second time on the master inventory in the next available row to allow for tracking of the board at the 'new' site.

See sample form on page 5.

Site Game Inventory Log
(SFN 9934)

This form is used to account for all games requiring a N.D. gaming stamp at a site. A separate form is used for each game and each game type. For example, if an organization played Hooked pull tab games and calcutta boards, two forms would be used.

If an organization has only one site which is the home office, only the Master Game Inventory Log is needed.

See instructions for the Master Game Inventory Log for instructions in completing "Date Placed", "Date Closed" and "Date Unplayed Deal Returned to Home Office".

See sample form on page 6.

Calcutta Board
(SFN 18871)

The calcutta board must be purchased from a licensed distributor and contain a N.D. gaming stamp.

Manner of Distributing Auction Pool as a Prize - Enter the distribution of the auction pool, for example, 50% to 1st place, 30% to 2nd place, 10% to 3rd place. Prizes may not exceed 90% of the auction pool. Refer to N.D.C.C. § 53-06.1-07.3 and N.D. Admin. Code § 99-01.3-10-01. When the auction is complete and the prize distribution determined, the dollar amount to be awarded for each prize payout is completed.

1. Competitor Number – The line number for each competitor.
2. Auction Sequence Number – If a verbal bid auction is used, the auction

sequence number must be determined by a random drawing of the competitor numbers that are assigned to each line. Refer to N.D. Admin. Code § 99-01.3-10-01(8).

3. Name of Competitor - Person or team competing in the event.
4. Name of Player - Person wagering on the competitor.

Record of Win
(SFN 9939)

This form is used whenever a single cash prize greater than \$200 is paid to a player.

The Record of Win must be pre-numbered.

1. Check the calcutta box and record the date of event and gaming stamp number.
2. The player must sign the Record of Win, unless the prize is being mailed to the player.
3. If a partial payout is made, for example, the player is paid \$500 in cash and will be paid the remaining \$1500 of the prize by a check issued from the home office,

complete the bottom right section of the form.

See sample form on page 8.

Calcutta Summary
(SFN 18870)

This form is used to summarize the calcutta activity for reporting on the tax return.

Cash Bank

1. At the beginning of the day's activity, the cashier counts the actual starting cash and records the amount.
2. If a second employee is on duty, that employee recounts the starting cash and verifies the amount the cashier recorded. When both persons agree to the amount, the cashier and the second employee initial the form verifying the accuracy of the recorded amounts.
3. At the end of the day's activity, the cashier counts the actual ending cash and records the amount.
4. If a second employee is on duty, that employee recounts the ending cash and verifies the amount the cashier recorded. When both persons agree to the amount, the cashier and the second employee initial the form verifying the accuracy of the recorded amounts.

Deposit Amount Verified to Bank Statement

An employee who did not have access to the bank deposit funds must verify to the bank statement that the amount recorded as the "Deposit Amount" was actually deposited in the gaming account.

This person initials each deposit and records the date verified indicating that the verification has been completed.

If the person summarizing the game has conducted the game, has access to the total receipts or cash profit, or has sole signatory authority of the gaming account, the summarization must be audited by someone independent.

If the game is summarized by a person who meets the requirements listed above and is independent, the summary does not need to be reaudited.

See sample form on page 9.

Reconciliation of Inventories **(SFN 17937)**

This form is used by a person who has not had access to the inventory, for the annual reconciling of games requiring a N.D. gaming stamp, bingo cards, casino chips, and rolls of tickets to a physical count of these items back to the information on the inventory logs.

This form accounts for the master inventory and up to three additional site inventories.

The serial number is completed only for the reconciliation of bingo cards. However, when reconciling rolls of tickets use this field to document the starting ticket number as required by N.D.A.C. § 99-01.3-03-09(3).

If the physical count of inventory does not match the records, the action(s) taken by management to resolve the discrepancy must be noted.

The person who completes the reconciliation initials the form verifying the information recorded.
