- Mental Health insight - Senator Dever
- Faith based awareness Bishop Narum

#### Review Challenges & Goals for each section

#### Victim Services

##### Challenges:

- Reservation and tribal access to services
- Where are the gaps? - rural areas
- Best practices - what is and how does that impact work - evaluating, researching and compiling what is happening across the country
- Male victims - expertise & resources

##### Goals:

- Create the matrix - Where is the money going?
- Matrix of people that aren't in any of these group that might be helping victims - an example is the public health Blue campaign
- Assessment tool agreed across the state - used by many - risk factors - narrow where victims are, who, where they are, HMIS
- Continue close relationship with law enforcement

#### Community Awareness

##### Challenges:

- Mental health awareness - treatment & access - mental health 1st aid
- Male victims - expertise & resources

##### Goals:

- Compile all of the campaigns for human trafficking - who is doing what?
- Create a state hotline - Where does it fit?
- Matrix of all the members & each group - purpose of each group
